

CITY OF HOPE RECOGNIZED FOR SAFE DRINKING WATER ACT COMPLIANCE

Public water systems are required by the Safe Drinking Water Act (SDWA) to take many actions to provide safe drinking water.

The SDWA was passed by Congress in 1974 to protect public health by regulating the nation's public drinking (potable) water supplies. Over the years, there have been a number of changes to the Safe Drinking Water Act. These changes have made it more challenging to maintain compliance. The North Dakota Department of Environmental Quality issues a Safe Drinking Water Act Certificate of Achievement as one way to recognize the public water systems that satisfied all applicable requirements during the previous calendar year.

In 2021, the City of Hope complied with all applicable Safe Drinking Water Act requirements. To recognize this accomplishment, the North Dakota Department of Environmental Quality issued the City of Hope a Safe Drinking Water Act Certificate of Achievement.

The City of Hope commends its water system staff for a job well done from which its consumers benefitted.

(Option: The water system may wish to list staff members by name.)

THE NORTH DAKOTA DEPARTMENT OF
ENVIRONMENTAL QUALITY

presents

City of Hope

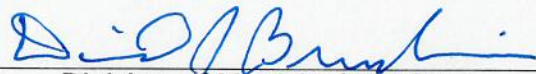

this

CERTIFICATE OF ACHIEVEMENT

for satisfying applicable requirements of the

SAFE DRINKING WATER ACT

for the year 2021.
